

# Intelligent BioMed-Solutions from Visitron Systems GmbH

## Second Neuroscience Meeting for Visitron in USA

Neuroscience Meeting 2015 in Chicago

Visitron Systems GmbH gets International !

Visitron booth with Helmut Wurm,  
Managing Director of Visitron Systems

More than 600 exhibitors showcasing new  
tools, technologies, and publishing opportu-  
nities for 30.000 scientist

Visitron System has joined the second time with an own booth the Neuroscience meeting in USA, this year it was located in Chicago. We demonstrated our VisiScope-4Elements which is based on the new VisiFRAP/TIRF Combo unit. Also we showed the new VisiView 3.0 Imaging Software with the new Python programming interface. We are impressed by the keen interest and the support of our US partners and dealers.

Please visit us in the next year at the Neuroscience meeting in San Diego from 12th to 16th of November at booth 2732.
