

Intelligent BioMed-Solutions from Visitron Systems GmbH

Visitron celebrates 20th birthday anniversary

The managing directors Dr. Gunter Köhn and Helmut Wurm were taken by surprise from the Visitron employees as they arranged and organized a small birthday party with an impressive birthday cake “20-Jahre Visitron Systems GmbH”, on the 2nd of April.

Many thanks to all loyal employees and business partners which help Visitron to grow over the last 20 years to a confidence partner in the Life Science research market.
